"This is the beginning of a new day. You have been given this day to use as you will. You can waste it or use it for good. What you do today is important because you are exchanging a day of your life for it. When tomorrow comes, this day will be gone forever; in its place is something that you have left behind...let it be something good." -- Author Unknown

## Editor's Message

### Oct. 23, 2008, Meeting Time

Coffee Time Starts at 9:30 AM with meeting starting at 10AM. It is important that you be there and be involved, you are needed. MP.

It was brought to my attention that my name and contact information was not appearing on the newsletter. I thought I had it on there but I was apparently wrong. Anyway if you know me very well you would know that it isn't real important to me, after all I know who I am. What is important is getting **YOUR** information in the newsletter but without the contact information that could be difficult.

So Terri, just for you, my name and contact information is going to be at the top of the page from here on out. I do want you all to know how to send me your wonderful news, and Terri, Thank you for making the point; it is important and makes good sense.

At the Sequim Arts meetings you will find me at the Membership Table area, just inside the door, with Sandra Cutsinger and the nametags, she and I are the Membership Committee.

With the new year of 2009 swiftly approaching and a new season of Sequim Arts coming up I look forward to watching our group grow and change as we evolve into a more mature organization and start meeting the needs of our community.

We want you all to know that without you there is no Sequim Arts, we are the organization. Please feel free to contact me with your concerns and information; I after all am doing this job of the newsletter for you!

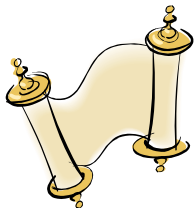

Remember we will be voting on a new name for the Sequim Arts Newsletter at this meeting. The Board selected 4 names from the list of names you sent to me. I do have a favorite and I hope it gets picked.

Also there is no Sequim Arts meeting in November the next one is the December 4<sup>th</sup> Pot Luck and the next newsletter will be for Nov./Dec. and the last one for the year. The cutoff date will be **November 15<sup>th</sup>** the last day to get info to me for that issue.

See you on Thursday at the meeting.

*Maryann*

## Demonstration for October 23<sup>rd</sup> Meeting Peninsula Scribes

Linda O'Neill, President and Jadie Henton, Vice-President of Peninsula Scribes will be doing the Demonstration

### **LETTERS MINGLE SOULS**

Once a month at the Sequim Library, there is a gathering of people who love lettering and want to be involved with the written word. They are called the Peninsula Scribes and the guild has been in existence for many years here in Sequim. Letters are wonderful little symbols that are recognizable to everyone. They add dimension to your artwork, expressing nuggets of truth that you want to pass on. Lettering can be everything from formal calligraphy to modern decorative lettering. It is the process that is so enjoyable, and the sharing of ideas and the exploration of "beautiful writing". Some of the Peninsula Scribe members, will show you some unusual tools of the trade and how they can be used to make everyday lettering fun and also some techniques that involve "playing with making marks". There will be unexpected surprises when there is bleach writing, the sharing of decorated envelopes, artist trading cards, and various forms of completed calligraphic work. Their goal is to foster the appreciation, understanding and acceptance of **CALLIGRAPHY** as a fine art.

**“Follow your enthusiasm. It’s something I’ve always believed in. Find those parts of your life you enjoy the most. Do what you enjoy doing.” -- Jim Henson**

I started life on a lovely farm in northern Illinois. After becoming a Registered Nurse I went to Southern Methodist University in Dallas, Texas. In 1963 I met, and six months later married Randy, my husband of 45 years, at an ice skating party in Madison, Wisconsin. In 1966 we migrated from the plains of the Midwest across the Rockies to Washington where we resumed our careers in nursing and engineering.

We soon had two perfectly wonderful children, Erik and Daphne, and a dream home in Woodinville, Washington. I worked as a School Nurse and later in pediatrics, family practice, and ob-gyn. Our lives progressed and evolved until, with our children through college and on their own, we retired and moved to Sequim in 2002. Randy and I had enrolled in several art classes after retiring and found the most creativity and enjoyment in printmaking,

particularly block printing.

Besides family, home, gardening and reading, my major passions are film-making and adventure travel to learn about people, cultures, fauna and flora that are distinct from those with which I am familiar. We have been very fortunate to travel to numerous countries and all seven continents and have plans to continue exploring the world.
